ALPHADX CLINIC

MISSION • VISION • VALUES

A clinic built around the patient experience.

MISSION

We deliver healthcare through speed, technology, and connected services that make care easier, more accessible, and more personal.

VISION

To create the future of healthcare through a faster, smarter, and connected ecosystem.

VALUE STATEMENT

We believe the patient is at the center of every healthcare decision. Every system, space, process, and professional interaction should create clarity, confidence, speed, and a more complete path to wellness.

ALPHADX CLINIC

PROSPECTIVE EMPLOYEES

Why build with AlphaDX?

At AlphaDX, you are not joining another clinic. You are becoming part of a new healthcare model built for the future.

- Build something new and impactful from the ground up
- Work in a modern, technology-driven healthcare environment
- Collaborate in an integrated care model with seamless communication
- Grow professionally in a forward-thinking culture
- Help shape the future of healthcare in Manitoba

Your work will matter. Your ideas will matter. Your growth will matter.

CULTURE FIT

Who thrives at AlphaDX?

AlphaDX is for professionals who believe healthcare can be better.

Patient-centered

Growth-minded

Collaborative

Innovative

Adaptable

Detail-oriented

Technology-comfortable

Committed to excellence

Outcome-driven

Continuous learner

We are not just hiring skills. We are building a culture.

Precision-driven tools for faster answers

At AlphaDX Clinic, innovation is built into how care is delivered. Our diagnostic services are powered by advanced medical technology designed to improve speed, accuracy, and clinical confidence.

A High-resolution imaging

Modern ultrasound platforms support general, OB/GYN, vascular and soft tissue assessments.

B Cardiac diagnostics

ECG, stress testing and Holter monitoring support early detection and better cardiovascular decisions.

Better technology creates better answers. Better answers create better care.

A focused diagnostic menu built around clarity

Services are organized to support timely clinical decisions without making patients feel lost in the system.

ECG

12-lead cardiac electrical
assessment

Stress Testing

exercise-based cardiac
performance testing

Holter Monitoring

ambulatory rhythm monitoring

Echocardiography

advanced cardiac ultrasound /
planned integration

General Ultrasound

abdominal, pelvic and soft
tissue imaging

OB/GYN Ultrasound

pregnancy and gynecological
imaging

Vascular Studies

arterial and venous
ultrasound assessments

Future Growth

ambulatory BP and expanded
diagnostics

Beyond our current services, AlphaDX is committed to expanding into broader diagnostic specialties by investing in sophisticated, results-driven technology built to deliver better answers and better patient outcomes.

ALPHADX CLINIC

A HEALING ENVIRONMENT

Beautiful spaces are part of the care experience.

AlphaDX is designed to feel calm, premium, and intuitive. A place where patients feel confidence and staff feel proud to work.

Your Connected Care Starts Here

- 1 Premium first impression**
A modern reception and waiting experience that builds trust from the moment a patient enters.
- 2 Efficient patient flow**
Spaces designed around movement, privacy, clarity, and fewer unnecessary delays.
- 3 Staff pride + belonging**
A workplace environment that feels futuristic, calm, and built for professional excellence.
- 4 Futuristic Design Space**
Clean, minimal, intelligent, and high-trust: a new visual standard for community healthcare.

WHY STEINBACH • WHY NOW

The right place for a new healthcare model.

Steinbach has the growth, the families, the workforce, and the healthcare demand to support a clinic built for the future.

#1

Manitoba city in growth

➤ Attractive to the next generation

A modern model for younger physicians, technologists, pharmacists, and clinic teams who want smarter systems and meaningful impact.

★ A place to build and lead

AlphaDX offers the rare chance to shape culture, workflow, and patient experience from day one.

ALPHADX
CLINIC

**Don't just join a clinic.
Build a movement.**
